Need longer / round the clock hours at gyms. Officers, esp staff officers cannot do extra PT if because of the long hours they are required to put in.

Theres an enormous difference in activities from area 1 -4. It's not fair that it's like that since we are in the same military. You see the differences in the px, commissary, lodging, & the resteraunts available. Thats just the tip of the iceberg. The soldiers in area 1 due to the op-tempo dont have the leisure time as the other areas to get as involved.

It's really difficult to rate these things based on a post that you are only assigned to for 12 months. In addition to that hurdle, my unit has deactivated and has also had 2 tank turn-ins so the use of the MWR programs is limited because we don't have the time. Also, the family related questions are difficult to answer accurately because this a non-command sponsored assignment. Even though many of us have our families here, the command in general does not want to recognize this and allow us time to spend with our families, and to use the programs and facilities MWR has to offer here. I'm sure I will use the programs at my next duty station, as I have in my past duty stations. I was somewhat satisfied with the programs elsewhere, and sometimes even VERY satisfied. I do enjoy the library hours here. They are open very late and that serves me best when I work until sometimes 2000. Thank you.

Understanding that I am in Korea, i know not alot of programs are offered. Most of the functions that do happen, do so at other areas like Area 2. We need more live bands and better equipment in Area 1. I have been in Korea almost 4 years. The Army has changed alot since i first got here and has tried to get soldiers to stay on post instead of going off-post but they could do better. Thanks

The on-post club music is offensive and the behavior it inspires is disgusting. Further it is played at such a loud volume that it can be heard clearly 300 meters away with all the facilities doors shut. I live in the building behind Primo's on Camp Casey and I would never go in to the club at night because of the violence that frequently occurs in that facility. There is no place on post for Soldiers to listen to country or rock music.

I really have an issue with the Camp Casey golf course. It seems that the only people who use it are Korean nationals. I don't golf, but I probably wouldn't be able to if I wanted because Ahduhshee would have all the tee times locked up. It should be a priviledge for American personnel, and non-SOFA sponsored personnel should be kept off the course. Of course, if you did that, you'd have a riot on your hands. Some of the locals here have a thing for that. MWR should not be responsible for providing recreation for the local community. We provide jobs they would otherwise not have, and they should be happy with that.

This is not a problem with MWR as a whole; however, the employees at many of the MWR establishments don't care about the soldiers. My two biggest MWR activities include using the gym and library. Everytime I go to the to these place around closing time, I'm always annoyed by the fact that the employees push you out the door at 15 minutes before the posted closing times. I will got to the library at 2030 and say, "Great, I have 30 minutes to check my emails." Actually, I have fifteen minutes.

Additionally, I would like to address the question regarding whether or not I plan to stay in the military. I don't think that is a question that needs to be on a MWR survey. One has nothing to do with the other. I, as a junior enlisted soldier, greatly appreciate the MWR facilities. Having the gym and the library has greatly improved my morale, while being unaccompanied in Korea. However, the least of the problems with the Army have to do with MWR. When soldiers are being sent away from their families for years at a time, they don't care whether or not Primo's is having fifty cent pizza night.

Thank you for your services, and your time.

I think that the golf club should be open with a full menu at night every day I think thar the redwood steakhouse should be open for lunch. I think there should be more oppertunitys for the youth to get to gether and play and a school for school age kids the army thinks it is right in the fact that area 1 personel sould not be command sponcerd but it is effecting the fammies with children so many kids dont go to school because the army does not want to help out and the army wants the parents to pay outragous sums of money for them to go to school we need bus monators to watch children go from here to yonsang garrison for school or creat a school in Cp Casey not Cp red cloud the army would do that first due to the generals staff having familys but on Cp Casey there are only a few hundred children and they deserve to go to school too.

The clubs on most military installations here in Korea, are not the types of clubs that most people want to go to. The clubs over here are run like restraurants and convention halls. Most of the on post clubs have very few customers in the evenings, because there is absolutely nothing going on in them. Even on the weekends when most of the clubs feature a live band, there are not that many people there because the clubs host the same bands over and over again. The club system needs to get away from the food service business and start looking at popular night clubs in the United States and overseas locations and start copying these business models.

ACS Concerns ACS is needed, but it is ironic that many of the programs are to help spouses who are non-sponsored for Casey is in Area 1

Overall Comment

For the most part the facilities on the Camp Casey are very good, but they are under used by the post community due mainly to the service provided by the employees. This comment is more towards the clubs and eating establishments. When you are at a full service facility or bar one should not have to look for the help to take an order and your table/glass should be checked on once in a while. It would be understandable if the place was full and the wait staff was very busy, but this will happen when there are only two tables filled with people or less. One must ask themselves why most people on post are willing to pay twice the money for drinks and food off post. I know I am willing to pay more for good food and service in a timely manner. One cannot blame it on culture either. Koreans off post make sure you are attended to at least until the food arrives and if needed are within voice distance to get help. I am beginning to wonder if the staff is given training and if managers actually manage. Plus the fact, you can get good service on other Posts such as at Yongsan. Recommend retraining the service staff and the costumers will start to come back.

I see that the MWR is run by the command. We had a great band that came over here (PAPA ROACH) and there was some trouble so we cannot have them back cause it is not safe for the soldiers. I will not go on a MWR tour cause the senior person is in charge and me being a contractor he should not have to tell me what to do. The only thing I see that MWR is for is to take the soldiers money. They charge almost double of what I can get most things. The MWR is for the soldiers and others that help the soldiers you be here for us.

I have been here in Cp Casey since 2002, I have participated in the annual table tennis competition since 2000. My real problem is that there is not one community activity center here in camp casey or camp hovey that provides a table to play or practice table tennis. The closest place that has one set up is down in CRC. It may very well be the only place that is fully functional as a CAC capable of functioning as such. Last year was one of the worst scheduling I have ever seen since I can remember playing table tennis. I was told in order to qualify for area 1 competition, I would have to go to Cp Stanley and win the local tourney. Well, when I went there, It turned out that It was not scheduled and the staff there just created a tournament of which no one attended because nobody knew about it. It was really bad, because there was a good amount of active duty soldiers as well as Katusas who wanted to participate. Finnaly, can somebody please explain me the purpose of the Cp Casey CAC? I think this is the very first time that I have ever seen activity center that did not have a table tennis set-up in my 21 years of active duty in the Army.

MWR facilities lack customer service. Over 60% of times I have visited an MWR facility, I had to file a complaint to the management.

It is too hard to use any facility on post. I live in the Korean community and have Korean friends. The procedures for getting them onto post are ridiculous. It is demeaning to me and my friends to have to go through the established procedures. Plus, I am limited to the number I can bring on. If I invite my fiancée and her family, I cannot get them onto post without a great deal of effort. I also do not like some private threatening me when I bring them on. It is far easier to cross from Mexico into the USA than it is to take a guest onto a military post.

I am tired of being told that all the restrictions placed upon me and my guests if a function of force protection. Phooey!!

MWR offerings pale against what is offered off post in every way. They do not provide services that would make me want to come to them. It is the stale fare that has been ongoing in the military for 50 years. Someone needs to think outside the box.

The Hovey Bowling Center needs work. The people are great and the Sunday - Thursday \$1.00 bowling is just what my son and I need. Have more R&B groups hers. There are a lot of R&B fans here. Let the reccenters go back to selling hot dogs and hamburgers and other things oke that. Remember the retired when you plan events and you may be surprised how much money we can spend when things are geared to us.

The MWR Programs are still antequated. They do not meet the needs of the modern soldiers. Clubs have disappeared because everyone wants the soldiers to be "choir boys."
The Bowling Center and the MWR Facilities are staffed with Korean National Employees who do not understand the meaning customer service.
